

Notice of Hearing

March 27, 2007

Ref. 2007-H-106

The Canadian Nuclear Safety Commission (CNSC) will hold a one-day hearing on the application by Cameco Corporation's (Cameco) Blind River Refinery for an amendment to its Class IB Nuclear Fuel Facility Operating Licence for its facility located in Blind River, Ontario.

Cameco has applied to amend its operating licence to include provisions for the incinerator's upgraded operation. The upgrades will increase the capacity of the incinerator to handle contaminated combustible by-products from Cameco's operations in both Port Hope and Blind River. The upgrades also include pollution control equipment and on-line monitoring equipment to enable the incinerator to handle the increased loading of material and meet future emission limits.

One-Day Hearing: April 12, 2007

Place: CNSC Public Hearing Room, 14th floor, 280 Slater Street, Ottawa, Ontario

Public hearings follow the agenda published prior to the hearing date.

CNSC staff and Cameco's submissions to be considered at this hearing are available by contacting the Secretariat. The public is invited to comment on Cameco's application for a licence amendment by providing a written submission. There is no opportunity for the public to make an oral presentation at the hearing; however, the public is invited to observe the proceeding. Requests to intervene must be filed with the Secretary of the Commission by April 3, 2007 at the address below. The request must include the following information, as per the *CNSC Rules of Procedure*:

- a written submission of the comments to be presented to the Commission; and
- name, address and telephone of the requester.

Agendas and information on the hearing process are available at the CNSC Web site: www.nuclearsafety.gc.ca. Hearing documents (submissions) are not available on-line and must be requested through the Secretariat at the address below:
