

Revised Notice of Public Hearing

October 27, 2008

Ref. 2008-H-16
Revision 1

The Canadian Nuclear Safety Commission (CNSC) announces a new date for the public hearing on the application by Cameco Corporation to renew its licence to possess, manage and store nuclear substances associated with the past operations of the decommissioned Beaverlodge mining and milling facility. Beaverlodge properties are located near Uranium City, Saskatchewan. Cameco has requested a five-year licence term.

In addition, Cameco will make an application to the Province of Saskatchewan to have certain minor satellite properties accepted into their institutional control program governed by their *Reclaimed Industrial Sites Act*. Therefore as part of this licensing application, Cameco is also requesting that Appendix A of its nuclear substance possessing licence be amended accordingly to exempt these minor satellite properties.

One-Day Hearing: January 14, 2009

Place: CNSC Public Hearing Room, 14th floor, 280 Slater Street, Ottawa, Ontario
Time: The hearing will follow the agenda to be published prior to the hearing date

The public hearing was originally scheduled as a two-day hearing, to be held on November 5, 2008 and January 14, 2009.

Cameco's submission and CNSC staff's recommendations to be considered at the hearing will be available after November 14, 2008. The public is invited to comment on Cameco's application for its licence renewal. Requests to intervene must be filed with the Secretary of the Commission by December 15, 2008 at the address below. The request must include the following information, as per the *Canadian Nuclear Safety Commission Rules of Procedure*:

- a written submission of the comments to be presented to the Commission;
- a statement setting out whether the requester wishes to intervene by way of written submission only or by way of written submission and oral presentation; and
- name, address and telephone of the requester.

Public hearings are webcasted live on the Internet via the CNSC Web site:
