Dear Mr. Oliver:

This is in reference to your letter of January 6, 2009, containing Cameco's response to the above-mentioned 12(2) Request for Information on the effluent discharge releases at the Port Granby Waste Management Facility.

CNSC staff has reviewed Cameco's response to our letter of December 19, 2008, and has concluded that it is sufficient pending CNSC review of the Characterization Report (submitted by February 27, 2009) which will include a Conceptual Site Model and CNSC review of the subsequent Adequacy of Design Report.

If you have any questions, please do not hesitate to contact me.

Sincerely,
