Screening Report – Continuation of mining and milling at McClean Lake Operation: Development of Caribou Deposit

The Canadian Nuclear Safety Commission (CNSC) invites public comment on the Screening Report concerning the environmental assessment of the Caribou uranium mining project.

The public comment period ends on May 5, 2009.

The Screening Report is based on an Environmental Impact Statement prepared by AREVA Resources Canada Inc., in response to Project-Specific Guidelines approved by the CNSC.

Interested parties should address their written comments to:

Kristina Farmer
Canadian Environmental Assessment Agency
445-123 Main Street
Winnipeg MB
