Mr. M. Leblanc
Commission Secretary
Canadian Nuclear Safety Commission
P.O. Box 1046, Station B
280 Slater Street
Ottawa, Ontario
K1P 5S9

Dear Mr. Leblanc,

Bruce A and Bruce B Licence Renewal

The purpose of this letter to make a submission and indicate my support for Bruce Power's application to renew the Operating Licence for Bruce Nuclear Generating Stations A and B.

Bruce Power has a major impact on the local economy in Huron-Bruce. They have tremendous support from our citizens throughout the region. Their corporate social responsibility and commitment to a strong culture of safety permeates throughout the surrounding community.

Bruce Power's stability and innovation has provided a reliable and affordable baseline of power to Ontario's electrical grid. Bruce Power has worked with Colleges and Universities to rebuild their nuclear programs to provide world class training for students. I believe Bruce Power is just beginning to reshape the nuclear industry in Canada. By renewing Bruce Power's operating licence it will allow them to continue to provide Ontarians with a reliable source of clean, affordable energy to help rebuild our economy in Ontario and emerge once again as an economic driver for the Canadian economy.

I look forward to supporting and working with Bruce Power in the future. If you require additional information please feel free to contact me at ben.lobb@parl.gc.ca or phone at 519-832-2999.

Yours truly,

Ben Lobb
Member of Parliament
Huron—Bruce
