Subject: license renewal

Dear President and Commission Members,

My name is Curt King and I am a process shift supervisor at the Blind River refinery. I've been at this refinery for 14 years and have been a resident of Blind River for 35 years. I have seen and been a part of many great things because of this refinery. Cameco truly gives back to this community greatly and it is very nice to see how great the safety culture and environmental performance is at this refinery, recently hitting a 15 LTA free record. I am writing this because I would love to see this refinery get its 10-year renewal, with the strong performance and positive impact I hope the renewal is granted.

Sincerely, Curt King
