Stockpiling KI in Toronto Schools

June 25, 2018

Presentation to the
Canadian Nuclear Safety Commission

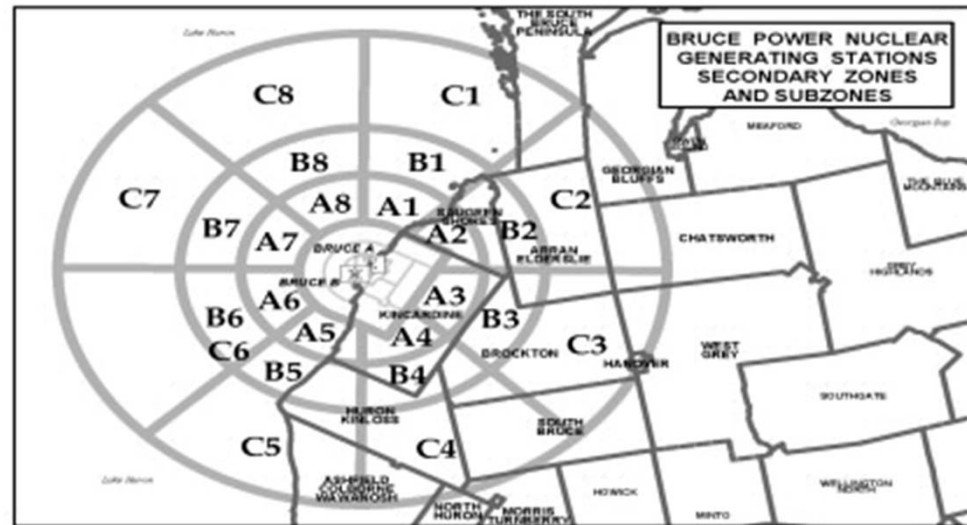

Proximity to Students

- * Located under 20 km from the Pickering nuclear plant

The Problem: Unequal Levels of Student Safety

- * Since 2016 KI tablets have been pre-stocked in the all schools within 50 km of the Bruce nuclear station.
- * Parents have also been provided information on the potential need to administer KI in the event of an accident.

Equal Protection for Toronto Students

- * There are over TDSB 580 schools with **250,000 students**
- * 196 TCDSB schools with over **85,000 students**
- * 11 Conseil scolaire catholique MonAvenir Toronto-area schools
- * 7 Conseil scolaire Viamonde Toronto-area schools

TDSB Request for KI Stockpiling

Therefore be it resolved that the Board communicate with the Canadian Nuclear Safety Commission with the request that Ontario Power Generation stockpile potassium iodide pills in Toronto District School Board schools located within 50 kilometres of the Pickering and Darlington nuclear stations.

TDSB Program and School Services Committee

June 6, 2018

Teachers' Union Request for KI Stockpiling

Now be it resolved that the Elementary Teachers of Toronto requests the Toronto District School Board, the Canadian Nuclear Safety Commission and the Government of Ontario collaborate and ensure the stockpiling of KI in schools within 50 kilometers of the Pickering and Darlington nuclear stations.

*Elementary Teachers of Toronto Executive Committee
Motion passed June 6, 2018*

Toronto's Support for Protecting Vulnerable Communities & Expanded KI Distribution

The City has requested:

...the Provincial Nuclear Emergency Response Plan to include requirements to expand the pre-distribution of potassium iodide (KI) pills beyond the current 10 kilometre

Motion Endorsed by City Council on November 7th 2017.

The City also supports:

... transparency, public consultation, funding, strengthening emergency preparedness wherever feasible, **protection of vulnerable communities, and world-class public safety**

Motion Endorsed by City Council on April 24th 2018

Broad Support for Expanded KI Distribution

Conclusion & Request

- * Toronto-area students protection equal to that provided students near the Bruce nuclear station.
- * The TDSB and the Toronto Elementary Teachers have requested the Commission implement KI stockpiling.
- * The City of Toronto has also requested for KI distribution to be expanded.

We thus request the Commission instruct OPG in its decision to implement KI stockpiling within all Toronto-area schools within the 50 km
