To Whom it May Concern,

Ontario Shores Centre for Mental Health Sciences and the Ontario Shores Foundation for Mental Health make this written submission to confirm our support for Ontario Power Generation (OPG) in the renewal of its operating licence for Pickering Nuclear.

Ontario Shores has enjoyed a strong partnership with OPG that has benefitted both organizations. OPG has supported our patients and programs through philanthropic and sponsorship efforts since 2011 and continue to demonstrate incredible commitment to mental health in our community.

More specifically, OPG has supported the Adolescent Mental Health and the TAMI program, (Talking About Mental Illness), they have participated and sponsored such events as The Butterfly Affaire, The Lions Walk/Run for Happiness, Roger Anderson's Charity Classic Golf Tournament and the Mental Health Conversation Luncheon event.

We have also partnered to provide Mental Health First Aid training to staff at OPG. To date we have trained more than 2,000 employees over the last two years. OPG has seen a decrease in Long Term Disability claims and a dramatic increase in employee assistance utilization.

We value a continued relationship with OPG and offer our support for the renewal of the OPG Pickering Nuclear 2018-2028 operating licence.

Sincerely,

Karim Mamdani
 President and CEO
 Ontario Shores Centre for Mental Health Sciences

Linda Henry
 CEO
 Ontario Shores Foundation for Mental Health
