# *Notice of Public Hearing*

---

December 19, 2012

Ref. 2013-H-02

The Canadian Nuclear Safety Commission (CNSC) will hold a one-day public hearing to consider Cameco Corporation's (Cameco) application to renew, for a period of 10 years, its Waste Facility Operating Licence for the decommissioned Beaverlodge mine site, located in northern Saskatchewan.

Hearing: April 4, 2013  
Place: Hilton Garden Inn, 90, 22<sup>nd</sup> Street East, Saskatoon, Saskatchewan  
Time: as set by the agenda published prior to the hearing date

The public hearing will be webcast live on the CNSC Web site and posted for a period of 90 days.

The proposed 10-year licence term would allow sufficient time to implement the remedial options identified during the current licence term and complete the necessary follow-up monitoring to verify effectiveness of these options. Should the follow-up monitoring demonstrate that conditions are stable or improving, Cameco intends to apply to transfer the properties to the Province of Saskatchewan's Institutional Control Program.

Members of the public who have an interest or expertise in this matter or information that may be useful to the Commission are invited to comment on Cameco's application. Requests to intervene must be filed with the Secretary of the Commission by March 4, 2013, directly on-line at <http://www.nuclearsafety.gc.ca/eng/commission/intervention/index.cfm> or at the coordinates below. The request must include the following information, as per the *Canadian Nuclear Safety Commission Rules of Procedure*:

- a written submission of the comments to be presented to the Commission;
- a statement setting out whether the requester wishes to intervene by way of written submission only or by way of written submission and oral presentation; and
- name, address and telephone number of the requester.

Personal information, such as address and telephone number, is essential for linking the submission to its author. Please submit your personal information on a separate page if you wish to ensure its confidentiality. It should be noted that all submissions are available to the public upon request to the Secretariat.

Cameco's submission and CNSC staff's recommendations will be available after February 1, 2013. These documents are not downloadable. To obtain them, a request must be made to the Secretariat at the address below or directly from the Web site. Agendas, hearing transcripts and information on the hearing process are available at the CNSC Web site.
