Ref. 2022-H-08

## **CNSC to conduct a public hearing on SRB Technologies (Canada) Inc.'s application to renew its operating licence**

The [Canadian Nuclear Safety Commission](#) (CNSC) will hold a public hearing in April 2022, to consider an application from SRB Technologies (Canada) Inc. (SRBT) to renew its Class IB nuclear substance processing facility operating licence for a period of 15 years. The SRBT facility is located near Pembroke, Ontario, approximately 150 km northwest of Ottawa.

The current licence, which expires on June 30, 2022, authorizes SRBT to operate a Class IB tritium processing facility for the purposes of manufacturing radiation devices.

Date: April 13 and/or 14, 2022 (duration of the hearing to be confirmed later)  
Place: To be determined (in the community, if possible, or at the CNSC public hearing room, 14th floor, 280 Slater Street, Ottawa, Ontario and/or virtual via Zoom)  
Time: As set by the agenda published prior to the hearing date

The public hearing will be webcast live and available on the CNSC website at [nuclearsafety.gc.ca](http://nuclearsafety.gc.ca).

In advance of the public hearing, the CNSC is making available up to **\$50,000** in funding through its [Participant Funding Program](#). The purpose of the funding is to assist Indigenous peoples, members of the public and stakeholders in reviewing SRBT's application and associated documents, and in participating in the Commission hearing process by providing topic-specific interventions to the Commission. Participant funding applications must clearly demonstrate how the proposed submission will provide the Commission with information directly relating to SRBT's licence renewal. Please note that the \$50,000 will be disbursed among all successful applicants. The deadline for submitting a completed participant funding application form to the CNSC is **October 29, 2021**.

SRBT's licence renewal application is posted on its [website](#). SRBT's submission and CNSC staff's recommendations to be considered at the hearing will be available on the CNSC website, or on request to the Secretariat, after **January 14, 2022**.

Pursuant to Rule 19 of the *Canadian Nuclear Safety Commission Rules of Procedure*, persons who have an interest or expertise in this matter or information that may be useful to the Commission in coming to a decision are invited to comment on SRBT's application. Requests to

intervene must be filed with the Commission Secretariat by **March 14, 2022**, using the [online request form](#) or the contact information below. **The request to intervene must include the following information:**

- A written submission of the comments to be presented to the Commission
- A statement setting out whether the requester wishes to intervene by way of written submission only or by way of written submission and oral presentation
- The requester's name, address, telephone number and email address

All submissions will be available for download on the CNSC website or on request to the Secretariat. Personal information, such as email address and telephone number, is essential for linking the submission to its author. If you wish to ensure the confidentiality of your personal information, please submit it on a separate page.

**For further information on the Participant Funding Program, contact:**

Administrator, Participant Funding Program
